Do You Want to Change or Update Your Health Plan for 2018?

Health Insurance the Arkansas Way.

You must act from November 1 to December 15, 2017

Did you buy health insurance for 2017 through the Marketplace? If so, you can keep, change, or update your plan for 2018.

To start your new plan January 1, 2018, you must make changes by December 15, 2017.

Look for Two Important Letters in the Mail by November 1

The letters are from your insurance company and the Marketplace. They will tell you

- What plan you will have if you don't change it by December 15
- Any change in help with your monthly cost (premium)

If you don't act by December 15, you will be

- Renewed in your current plan, or
- Enrolled in a plan that is similar to your current plan

Important Facts about Changing Your Plan

- **Make sure you get the help you deserve to lower the cost.** If you don't update your income or household info, your premium tax credit and other savings could be wrong for 2017.
- **New plans for 2018 may be better than your current one.** See if a new plan is a better fit for your needs.
- **In some cases, you won't be automatically re-enrolled.** It's best to log in to make sure you're covered starting January 1, 2018.

WHERE CAN I FIND HELP TO ENROLL?
